X1 Michigan Towers is an exciting new flagship development, which is set to change the Manchester skyline. Our new development features four iconic towers, each with unique façades with a stunning architectural design.

This mixed-use scheme is an ideal investment opportunity and is truly unique in its contemporary design and perfect quayside location.

Situated in the heart of MediaCityUK in the iconic Salford Quays, home to Coronation Street as well as the likes of the BBC, ITV, Ericsson and Kellogg's, this new phase of development complements the existing towers, and fits perfectly within the bustling business and leisure community.

This development presents an exclusive opportunity to invest in limited luxury property located at the very heart of Peel's thriving MediaCityUK project.

STRATEGIC WATERS INITIATIVE

X1 Media City and X1 Michigan Towers is part of the wider Strategic Waters Initiative which aims to create sustainable communities that will benefit areas on the UK's stunning waterways

Creating new homes is a priority in the Strategic Waters initiative with approximately 30,000 homes to be delivered across the seven sites up and down the UK. All of the seven Strategic Waters sites are located on coastlines, canals and docklands, including MediaCityUK at Salford Quays.

Altogether, more than 30,000 new homes will be delivered across the sites over the next three decades, and the process is already well underway with developments like Chatham Waters, as well as the fully sold out 1,100 apartments at X1 Media City, proving the success of the waterside schemes.

X1 Michigan Towers is a major part of the Strategic Waters scheme, following in the footsteps of X1 Media City and X1 Manchester Waters, to deliver high quality accommodation to the UK's fastest growing city.

The first phase of MediaCityUK is now thriving with residential and commercial tenants. This new development is a key element of the next phase of MediaCityUK which will see huge further investment in the area. This is truly a production hub attracting media professionals from across the globe. Be part of an exciting project defining media in the UK.

With sites as far apart as Glasgow, Manchester and Chatham, the scope of the Strategic Waters initiative is very exciting and it is no surprise that previous X1 developments at MediaCityUK and Manchester Waters have proven so popular.

There is already a thriving community at MediaCityUK, an area popular with residents and visitors alike. This is an unmissable opportunity to invest in one of the UK's fastest-growing and most exciting areas.
